Gary Ward

310.721-8940

[Gary Ward](#) uses charcoal, graphite, oil pastels, and an overall sharp wit to examine humanity's mess of emotion over the confusion of body and identity. Ward, a self-taught artist based in Los Angeles, says he is "interested in how the mind and hand talk to each other in one uninterrupted sitting." He likes to see the authorship of a flawed line and honors how each mistake can spontaneously change the work in a new direction.
